### SUSTAINABLE WINERY

Massimo and Michele Bernetti have gradually built a business model and for many years everything has been running like clockwork in Osimo. An unstoppable ascent taking them to the top of the private cellar ranks for hectares and bottles produced. What convinces is primarily the tenacious determination for hands-on management of many hectares located around the Cupramontana and Montecarotto areas of the Jesi district, of Conero, and the Abruzzo estates. Here the best grapes are used to create a refined style, in no way heavy-handed, a risk when using large amounts of local cultivars. The flagships are increasingly complex and well-designed each year, with vintage wines aligned to an easy-drinking philosophy without a hint of cliché. A fusion of the subtlest overtones of anise, balsam and white-fleshed fruit gives the Vecchie Vigne 2013 nuances of masterful harmony, cadenced in the long finish. The airy, elegant San Giorgio 2010 has a mature, relaxed palate.
