SUSTAINABLE WINERY

The limited space available in the guide doesn't do justice to the magnificent diversity of crus that give rise to Umani Ronchi's range of verdicchio, nor does it allow us to mention the montepulciano vineyards in Conero and Abruzzo. We refer to their detailed website for this information. For our part, we inform the reader that in their recently expanded and well-equipped winery, a range of impressive overall quality comes to light, the result of many years of work carried out by a seasoned and competent technical team and a forward-thinking vision. One of these is the release of a wine that openly aims to withstand the test of time, showing how well the verdicchio grape can age. The Vecchie Vigne Historical '08 is simply a whirlwind of aromatic layering, vitality and depth. But don't underestimate the Plenio, Vecchie Vigne, Campo San Giorgio, Cumaro, Pelago, and Maximo. Together they express the sophisticated, modern, and thrilling vision that is Umani Ronchi, our Winery of the Year.

○ Verdicchio dei Castelli di Jesi Cl. Sup. V.V. Historical '18	🍷🍷🍷 7
