WINEMAKERS IN MARCHE AND ABRUZZO

FOR MORE THAN 60 YEARS, OUR AIM HAS BEEN TO DEVELOP
AND PROMOTE A UNIQUE TERRITORY, CAREFULLY CULTIVATING
AND INTERPRETING THE MAIN GRAPE VARIETIES
OF LE MARCHE AND ABRUZZO.

Umani Ronchi is a "Historic Brand of National Interest"
recognised by the Ministry of Enterprises and Made in Italy.

Umani Ronchi got its start in Cupramontana, the heart of the Verdicchio Classico production zone, in the early 1950s. Research into the territory and a willingness to experiment allowed the Bianchi-Bernetti family's small winery to grow and expand its reach.

From Castelli di Jesi to Conero and Abruzzo, Umani Ronchi's 210 hectares host Verdicchio, Montepulciano, Pecorino grapes and other varieties indigenous to the Adriatic Coast. A total of 185 km of rows and 12 vineyards are cultivated with a strict adherence to principles of organic agriculture.

UMANI RONCHI'S JOURNEY DIDN'T STOP WITH LE MARCHE.
IN 2001, WE DISCOVERED AND FELL IN LOVE WITH AN ESTATE
BETWEEN THE GRAND SASSO MOUNTAIN AND THE ADRIATIC SEA,
IN ROSETO DEGLI ABRUZZI. THUS A NEW CHAPTER BEGAN.

35 hectares of lush, organically cultivated vineyards (Montepulciano and Pecorino) benefit from the presence of the nearby Gran Sasso and gentle hills, which mitigate the climate of the Adriatic Sea.

Here organic conversion and certification, which began in 2001, isn't so much a choice as it is about following the natural makeup of the terrain and climate, allowing us to respect the integrity of the grape and quality of the wine.

THE IMAGE OF THE FLOURISHING LEMON TREE THAT GUARDS
THE FARMHOUSE AND SURROUNDING ESTATE SERVES
TO REPRESENT THE TERRITORY.

It is most celebrated in our Centovie line, a project that started with Pecorino in 2015, after years of study and experimentation, and continued in 2019 with the first Umani Ronchi Rosé and Montepulciano d'Abruzzo, all produced in limited quantities.
